

SECURITY ENCLOSURE

QUICKLY SECURE YOUR VALUABLE INVENTORY

Nashville Wire security enclosures are the perfect way to protect valuable inventory at an economical price. Our security enclosure system allows you to convert your new or existing pallet rack into a functional and secure storage environment. The system arrives complete with all hardware and assembly instructions for easy and quick installation.

DESIGN FEATURES

- Comes as a complete kit with doors, side panels, mounting hardware and assembly instructions.
- Add wire decks on top and a rear mesh panel to complete the enclosure.
- Double hinged doors open a full 180° for easy access.
- Durably constructed with 1" x 1" 16 gauge tubular frame and welded wire mesh.
- Designed to work with most styles of pallet rack.
- Stock size fits 8 ft. bays in depths of 30", 42" and 44".
- Durable gray powder coat finish is standard.
