

RACK SAFETY *and our* RACK GUARD SYSTEM

... a Safe Choice System

RACK GUARD®

Prevent Materials from Falling into Aisles!

Wireway/Husky's Rack Guard® is the economical answer to rack safety and the increasing demands of regulatory agencies. Simple design features woven wire and heavy angle iron frames for longevity and dependability.

Our panels attach to pallet rack systems using spacer clips. Heavy duty 10-gauge, 1-1/2" diamond wire mesh welded to a steel angle frame encloses the rack while still providing inventory visibility. Hi Hide Yellow Finish.
